

2026 Design & Installation Awards Entry Form For Concrete Projects

Note: Any single project can be submitted for both concrete and masonry award consideration; however, two separate entry forms and fees must be submitted. Restoration projects qualify for entry. A maximum of eight plaques will be provided by ACI CNY for the top three projects in each category as determined by the judging panel. ACI CNY will alert the individual who submits a project entry application if the judging panel has placed the project in the top three. If your entry requires more than eight plaques, and is a top three finisher, additional plaques may be ordered separately for \$50 each through Bay Graphics of CNY. Projects that finish below the top three are presented with a single plaque.

Additional Plaques Requested: Yes No Quantity: _____

Fee to be paid to Bay Graphics: _____ (additional plaque quantity x \$50)

Pierre Lengauer, Bay Graphics of CNY

Project Completion Date (Date turned over to Owner):	

Project Description:

Please describe the design strategies, distinguishing factors, or exceptional qualities for each category (aesthetic concept, structural design, innovative use of materials, and quality of the installation). Limit your description for each category to no more than half a page of typed text. Limit the entire project description to two pages. Please submit as an attachment.

Continued on Page 3

Digital Photographs:

Please submit the following photos with your entry:

- Exterior (a minimum of six photos)
- Interior (where relevant, a minimum of four photos)
- Work in progress (while not mandatory, pictorial details of the different elements of the concrete and masonry during installation provide important insight to help the judges evaluate your project)

Please submit digital photography on a USB thumb drive (hard copies of photos are not required). To assure your team the highest quality award plaque, set the resolution of your camera at its finest setting. Please do not submit digital photos with date stamps.

Reminders:

Only the top three concrete and top three masonry projects will be inspected and scored by the judges at the project site. The thoroughness of your submittal, how well you communicate the highlights of your project, and the quality of your photos all have a significant influence on the judges' initial selection!

Enclose a check with your entry form made out to **ACI of Central New York** for the registration fees as follows:

Member Fee:	\$145 per entry
Non-Member Fee:	\$325 per entry*

*Non-member entry fee includes a one-year individual membership to ACI CNY.

Submission:

Mail the entry form with the project description, photo USB, and registration fee to:

For Concrete Projects:

Contact:	Jason Uhlinger
Address:	8313 Center Pointe Dr Baldwinsville NY 13027
E-mail	jason.uhlinger@riccellienterprises.com
Phone:	315-433-5115. ext. 250

Entry forms must be hand-delivered or postmarked no later than February 28, 2026 to be considered by the judging panel. If you have any questions, please contact the Concrete Awards Chair.
